VOL. LX: No. 17. REDWOOD CITY, CALIFORNIA, SATURDAY, JULY 24, 1920 ESTABLISHED 1859

MATTER OF SECURING A NEW SITE FOR THE SEQUOIA UNION HIGH SCHOOL TO DECIDED

Probably the chief reason for locating the high school on the present site was the fact that it was the most central location in the Redwood City of that day. The Pisis tract is not only the most central location in the Redwood City of today, but as well of the Redwood City of the future. As no other suitable tract is available and as this in every particular is satisfactory, it seems the part of farsighted wisdom to acquire it now while there is a chance.

When the high school was founded in 1895 such institutions were planned to meet the needs of a limited number of students—those who by their owninitiative and energy would find a way to go forward, and those whose parents had wealth enough to send them to normal school or college.

The courses were planned to get students ready for such institutions and Latin, mathematics, science, English and a limited amount of history were the subjects studied throughout the course. There were no other subjects provided for those students who must complete their education in the high school and begin to earn a living as best they could in business, in manufacturing, in farming and in the trades.

When I became principal in 1905 the high school with but four teachers (now with 10) retained the characteristics taken on ten years earlier, but it had for some years been giving a limited study to bookkeeping, typing and stenography. This work was, however, linked up with such mathematics and sciences as was then taught, and for that reason received but little attention and was of little value.

The commercial department was the first practical feature developed after 1905 and soon became something worth while. About the same time music and then drawing were undertaken and another practical development was under way. It was seen that our work in mathematics covering three years and science but two years was too limited to properly prepare students for the study of engineering and so each was increased to four years of careful instruction. The work in history then covering three years was increased another year and there was added a year's study of economics and civics.

The preparation of girls at school to be home makers was undertaken by the founding of a department of domestic science. The next year this was followed by creating a department of manual training, covering at first woodwork and now machine shop and auto mechanics as well. For years the language work covered only Latin and German. But the great value of Spanish was recognized and it displaced the advanced study of Latin and the war gave us French instead of German. These practical developments came slowly though happily no backward steps have been taken, and the Sequoia Union High School of 1895-1905 has been entirely transformed. Is is no longer a school preparing a select few for normal school and university, though it does that and better than ever, but it does far more. It gives boys and girls the chance to study those things that will best fit them for the occupations they mean to follow for a livelihood. Nearly every office in this and neighboring towns has a girl trained in this high school. As manufacturing develops here our boys will find places in our own shops and factories at the trades.

By thus adapting its work to the needs of the students the American high school has become in reality the people's college, and our school I think has kept pace with the best. In variety of subjects, in quality of teaching, in laboratory equipment our high school excels the denominational college of thirty years ago where most men got their education beyond that given in the public schools. The wonderful development of high schools is the greatest educational advance of this twentieth century, and their value to the children of every class is better understood daily. The high school means more to the child of the working man than to the children of any other class in one way. It furnishes them a chance to go forward better than the children of wealthy parents enjoyed a generation ago. It furnishes the child of the well to do a chance to try his mettle with those he might otherwise learn to underrate, but with whom he must compete in life. Out of their manual competition grows an institution better than any class could develop. It has appropriately been named in a late book, "Democracy's High School."

But the development of Sequoia Union High School has only begun. Its broad outlines have been sketched out. Its work has profoundly influenced the lives of 316 graduates and twice as many nudergraduates. That it deserves a site as fine as the Pisis tract we shall attempt to show in another article.

Principal.

TAX COLLECTOR PREPARING TAX RECEIPTS FOR YEAR 1920

Tax Collector A. McSweeney has begun to prepare his new tax receipts for the fiscal year of 1920. This week he started a new force on the books. The new appointees are: Mrs. C. Ritter, Mrs.. Lila Kirkpatrick, Mrs. Jane Stafford, Miss Margaret Kirkland, Miss D. Bresse. The chief deputy is Miss Lorraine Dickel.

MRS. J. GALLAGHER WEDS SYMS GILLOGLY

Mrs. J. Gallagher, the popular principal of the Portola grammar school, was married on June 26 to Syms Gillogly, who is connected with the government reclamation service in Idaho. He will complete his work some time next year when he will make California his permanent home. Mrs. Gillogly will continue teaching for the next term. She is now at Los Angeles visiting her sister, Mrs. L. T. Barneson.

Mrs. Gillogly is a sister of Mrs. Charles Lambert and Mrs. Harry Hallett of this city. She is accounted one of the ablest educators in the county. She is a daughter of Mrs. Hammerson, formerly of Belmont.

THE WEEK'S EVENTS IN LOCAL CIRCLES

Leon Ferguson, who learned the art of flying at the local aviation field, won the aerial derby at San Jose last week. He thrilled the large crowd there by his wonderful feats. Ferguson stood on a wing of his airplane, looped the loop. He climbed out on the upper wing, while about 2500 feet in the air and then the plane made a loop. This is the first time a loop has ever been accomplished with a man standing on the top wing.

Miss Edith Dempsey of Halfmoon Bay is here on a visit with Mrs. Joseph H. Nash and her mother, Mrs. Weinke, at their attractive Redwood Highlands home. Miss Dempsey spends her time between the coast and San Francisco. She is a charming and most attractive girl.

Constable M. H. Walsh has appointed Arthur C. Payne a deputy constable for the third township. Mr. Payne resides at Menlo Park.

Mr. and Mrs. Roy W. Cloud, their son, Noble, and Brenton Werder will leave this morning on a camping trip to Humboldt county and will be gone until August 4.

Mr. and Mrs. Myron H. Thompson, who were married in San Rafael recently, have taken up their residence in San Francisco where Mr. Thompson is employed bf the Crane company of that city. He is a brother of Miss Azalia Thompson, the popular deputy in the county clerk's office.

Duncan McPherson, editor of the Santa Cruz Sentinel and proprietor of the Times-Gazette in 1875, was a visitor to Redwood City on Wednesday. He met many of the old-timers who were boys when he conducted the paper here. Mr. McPherson is nearly 82 years old and is still hale and hearty. Unlike most newspaper men he saved his money and is now reputed to be worth a half million dollars.

Registration for the primary election will close on July 31. For the accommodation of the voters County Clerk Elizabeth M. Nash will keep her office open on Thursday, Friday and Saturday evenings of next week. Register now and thus be able to vote at the primary election on August 31.

Miss Petra Johnson, the popular teacher in the local grammar school, is taking an advanced course at Stanford under Dr. Terman in Clynical Psychology. Miss Johnson is working towards her masters degree. To aid her in her psychology work she is also securing practical experience in the juvenile court at San Jose. Her vacation is being profitable spent in this way.

Lee T. Ross, the attorney, arrived here from Chicago yesterday. Mr. Ross attended the Elks convention in the Windy City. He returned by way of the Yellowstone Park stopping off for a short while at that wonderful place.

Don't forget the big end of the month sale now going on at Marcus' Arcade.

Miss Lauretta Millard left last Saturday for Los Angeles to spend four weeks with her cousin J. H. Dielmann and family.

H. C. Davies, of Los Gatos was arrested last week by the traffic officers for cutting in on the highway. He is out on bail amounting to $50. The following violators of the motor vehicle law were also arrested and deposited a bail of $50: E. Ferrari, W. H. Barron and Jacob Gietzen.

On Tuesday Judge Griffin sentenced R. Thomas to pay a fine of $10 and to serve 48 hours in the county jail. The latter part of the sentence was suspended. Thomas is charged with cutting in on the highway.

T. C. Rice, the popular county recorder, has departed on a short vacation to his pear orchard near Grass Valley. The big crop of fruit is soon to be harvested. The orchard is one of the finest in that section.

Mr. and Mrs. W. G. Reynolds, parents of Mrs. Eric Thompson, arrived here Monday from Tacoma. They expect to make their home in this vicinity.

Mrs. Happy Bryant and children left on Wednesday for Willows, Glenn county, to reside permanently. Her husband, the noted birdman, has charge of an aviation field there, conducted by Coreans.

Miss Janet Ferguson accompanied by four girl companions left Wednesday for Honolulu to spend their vacations and will remain on the islands for three weeks. Miss Ferguson is the domestic science teacher at the San Mateo grammar school. She makes her home in this city.

Mrs. Wilbur Doxsee was operated on for appendicitis last Friday afternoon at the Franklin hospital, San Francisco. The appendix had adhered to the intenstinal wall and the operation was a very delicate one. Mrs. Doxsee has progressed nicely and will soon be well again.

Mrs. A. S. Kalenborn went down to Carmel Monday to visit friends there for a couple of weeks.

NEW FIRE HOUSE WAS DEDICATED WEDNESDAY NIGHT

The new forty thouasnd dollar fire house and civic auditorium was formally opened with appropriate ceremony on Wednesday evening. All Redwood City was there and all expressed satisfaction and admiration for the beautiful arrangements and appointments of the building. The citizens and taxpayers made a thorough inspection of the structure.

The ground floor is arranged for the housing of the city's fire fighting apparatus and the firemen's club room, and sleeping quarters and the public auditorium are on the second floor.

The opening ceremonies were marked by several interesting speeches, music and dancing. Mayor Ryan introduced A. E. Montieth, city superintendent of schools, who dwelt on the advantages of Redwood City as a place for homes, its climate was unexcelled, its scenery unequaled. Mr. Montieth spoke of the school advantages and how we could improve them by voting for the new high school site at the election to be held on August 13, urged his hearers to vote for the proposition.

Chief Stevens gave some interesting facts regarding fire fighting. He made a good speech showing what the department did in the way of protection for property during the past year. Mr. Stevens was followed by Fire Chief Murphy of San Francisco who lauded the people of Redwood City for its splendid fire equipment and handsome fire house.

Dancing followed the speeches and later light refreshments were served ala cafetaria. A five-piece orchestra furnished music.

The formal opening of the building will long be remembered by the people of Redwood City and vicinity.

H. E. WOODWORTH RESIGNED AS COUNTY HORTICULTURIST

H. E. Woodworth, the county horticulturist, at a meeting of the board of supervisors held last Monday, resigned his position which he held for the past fourteen months. Mr Woodworth has been accorded a signal honor by being appointed head of the department of entomology at the Philippines University at Manila, by Governor General Harrison. Mr. Woodworth will depart for the scene of his new labors on August first. Besides his research work at the university he will give lectures to the students in that department.

Mr. Woodworth has the degree of Bachelor of Science from the University of California. During his stay in Redwood City Mr. Woodworth made many friends who wish him every success in his new field of energy. He is a sterling young man of good character and ability. He is certain to make good in his new position. His successor here has not yet been chosen by the supervisors.

THE WEST COAST REALTY COMPANY INCORPORATgS

The West Coast Realty company has filed articles of incorporation in the county clerk's office. The capital stock of the concern is $25,000 divided into 100 shares at a par value of $250 each. The purpose of the company is to engage in the sale of real estate. The actual amount of stock subscribed is $750 by the following stockholders who have subscribed one share each:

C. H. Widemann, C. V. Thompson and A. J. Sterling, all residents of Pescadero.

Francis P. McKenna, aged 35, of New York, and Stella C. Miller, aged 40, Alameda.

COUNTY BOARD IN REGULAR SESSION

The War Department addressed a communication to the board asking what was wanted regarding the proposed Redwood City harbor. It is evident that the government intends to start work on the preliminary survey at an early date. The letter was read and referred to the Utility Committee. Colonel Winslow, of the engineering department of the government, stated that as soon as he had been advised on the matter he would visit Redwood City and look over the ground.

The Shell Oil company addressed a communication to the board regarding a recent ruling of the federal government about oil companies furnishing underground tanks and equipment free to large consumers of oil which stated that all such equipage must be paid for by consumers or said equipment must be removed. The city is using an equipment belonging to the Shell Oil company, and the Oil company offered to sell it to the city for $125, much less than the equipment could be bought for.

Jos A. Roza, applied for the position of nightwatchman. Mr. Roza has been acting in this capacity for some time but had not been regularly appointed. The salary of this position is $150 a month.

A. D. Walsh, who holds the liability insurance on the police automobile, notified the board that the policy had expired and asked for a renewal in the sum of $10,000.

City Clerk W. A. Price was instructed to write the Southern Pacific company and request them to keep the Broadway crossing open as much as possible.

Dreyfus Bros., who have the contract for the outfall sewer, received a partial payment of $4,750 on their contract, which is nearly completed.

Chambers & De Gear received a partial payment on their contract for the Heller and Chestnut strets sewers, amounting to$2,938.70.

Gladding McBean presented a claim for $4,026.11 for sewer pipe furnished the city, was allowed.

George A. Merrill, president of the Redwood Harbor company addressed the board relative to the agreement between his company and the city for the payment of $2000 to the Harbor company for the privilege of making a connection with the spur tract of the company. Mr. Merrill stated that his company was willing to accept bonds in lieu of the cash if the city so desired. Trustee Tuchsen moved that the deal be consummated as soon as necessary arrangements could be completed.

Ordinance No. 212 was read providing for vacating of a portion of Webster street between Jefferson avenue and Broadway. This was made necessary in order to straighten out this street. A like strip of about 23 feet was also deeded to the city in lieu of the portion vacated.

Regarding the proposed blanket license City Attorney Mansfield suggested that the board hold ameeting during the week to go over the details. On motion is was decided to hold a meeting Thursday evening.

A. Hess offered the city a quantity of dirt to fill the low land adjacent to the new fire house at $1.25 per yard delivered. On motion the board agreed to buy the necessary dirt.

Thursday Meeting

The board of town trustees at a meeting held on Thursday evening passed ordinance number 211 fixing the license of merchants and business men and professional men of Redwood City. With only a few minor changes the ordinance was adopted in its original form. The board of trade had the matter under consideration seeking to get a compromise whereby the rates would be lowered from the trustees but this attempt failed.

Mrs. O. A. Anderson and her son Harold drove up to Mount Rio last Thursday to spend a two week's vacation. Mr. Harold Anderson is an employee of the P. G. & E. Co.

PRATT-LOWE CANNERY OPENED WITH APPROPRIATE CEREMONY BY THE CHAMBER OF COMMERCE

The Pratt-Low Preserving and Canning company formally opened its new plant in this city last Monday morning. A large delegation of the businessmen and members of the Chamber of Commerce were present and were cordially received by David Low senior partner and H. W. Klee, superintendent of the concern. In honor of the event the delegation presented these gentlemen with a large floral piece fashioned as a horseshoe signifying good luck with the word "success" in the center of the piece. This expression of good will and best wishes by the people of this community was highly appreciated by Mr. Low .

This industrial institution means a great deal to the wage earners of Redwood City. The girls, men and boys employed at the place are mostly from this city. The concern has a full force at work but many more places will be made as the fruit supply is increased. More additions to the building are contemplated.

Merchants and trades people generally here are receiving the benefits arising from the institution in our midst as the concern buys all its merchandise in Redwood City.

Among those present at the opening of the plant were:

Rudolph Klumpp, representing the Times-Gazette, M. J. Knox, president of the Chamber of Commerce; D. R. Stafford, Supervisor John MacBain, R. F. Chilcott, M. E. Ryan, Roy W. Cloud, Frank K. Towne, J. D. Hedge, Walter K. Fletcher and Guy P. Hull.

OLD BELL THEATRE WAS SOLD THIS WEEK TO VARIETY COMPANY

The old Bell theatre on Main street owned by Mr. Kroeger, has been sold to the Redwood Variety company of this city who is to remodel the building, putting in a modern front. The new owners expect to expend $5000 in these improvements. The lot on which the structure stands is 50 by 130 feet. For some years the building has been used as a theatre but has been idle for some little time. The Variety company is to enlarge its stock.

MISS CATHERINE L. BURKE WAS MARRIED LAST FRIDAY

Miss Catherine L. Burke, of San Mateo and for six years the popular and efficient deputy in the county clerk's office, was united in marirage in the San Mateo Catholic church to Timothy H. Field last Friday, Father O'Neill officiating. The young couple will reside in Grass Valley, where Mr. Field is interested in valuable mining property. Mrs. Field was very popular in the clerk's office where she made friends of all by her winning ways and charming manner. She resigned a short time ago. She has a host of friends in Redwood City who wish her and her husband a prosperous and happy wedded life.

Miss Field, a teacher in the grammar school at San Mateo, is a sister of the groom, and it was when he was visiting his sister that the happy romance began which culminated in the marriage of the pretty deputy clerk and the mining man. Mrs. Field is a sister of Chief Burke of the San Mateo police department.

Misses' Frocks of Gingham and Voile

Fresh Ginghams striped and checked in the bright Summer colors, and dainty Voiles in Georgett designs.

One especially attractive little model is of fine Voile, with touches of crisp Organdy, and a novel sash of narrow velvet. Some of the Ginghams have practical little patch pockets, others with sashes of self material ending in perky bows.

There is a style for nearly every Summer occasion, and every frock is as practical as it is youthful and effective.

SPEECH OF ACCEPTANCE
(Continued from preceding page.)

America must not only save herself, but ours must be the appealing voice to sober the world.

It must be understood that toil alone makes for accomplishment and advancement, and righteous possession is the reward of toil, and its incentive. There is no progress except in the stimulus of competition.

The chief trouble today is that the world war wrought the destruction of healthful competition, left our storehouses empty, and there is a minimum production when our need is maximum. Maximums, not minimums, is the call of America. It isn't a new story, because war never fails to leave depleted storehouses and always impairs the efficiency of production. War also establishes its higher standards for wages, and they abide. I wish the higher wage to abide, on one explicit condition—that the wage earner will give full return for the wages received.

I want, somehow, to appeal to the sons and daughters of the republic, to every producer, to join hand and brain in production, more production, honest production, patriotic production, because patriotic production is no less a defense of our best civilization than that of armed force. Profiteering is a crime of commission; underproduction is a crime of omission. We must work our most and best, else the destructive reaction will come.

The menacing tendency of the present day is not chargeable wholly to the unsettled and fevered conditions caused by the war. The manifest weakness in popular government lies in the temptation to appeal to grouped citizenship for political advantage.

It would be blindness of folly to ignore the activities in our own country which are aimed to destroy our economic system, and to commit us to the colossal tragedy which has destroyed all freedom and made Russia impotent. This movement is not to be halted in throttled liberties. We must not abridge freedom of speech, the freedom of press, or the freedom of assembly, because there is no promise in repression. These liberties are as sacred as the freedom of religious belief, as inviolable as the rights of life and the pursuit of happiness. We do hold to the right to crush sedition, to stifle a menacing contempt for law, to stamp out a peril to the safety of the republic or its people, when emergency calls, because security and the majesty of the law are the first essentials of liberty. He who threatens destruction of the government by force or flaunts his contempt for lawful authority, ceases to be a loyal citizen and forfeits his rights to the freedom of the republic.

No party is indifferent to the welfare of the wage earner. To us his good fortune is of deepest concern, and we seek to make that good fortune permanent. We do not oppose but approve collective bargaining, because that is an outstanding right. But we are unalterably insistent that its exercise must not destroy the equally sacred right of the individual, in his necessary pursuit of livelihood. Any American has the right to quit his employment, so has every American the right to seek employment. The group must not endanger the individual, and we must discourage groups preying upon one another, and none shall be allowed to forget that the government's obligations are alike to all the people.

We are so confident that much of the present day insufficiency and inefficiency of transportation are due to the withering hand of government operation that we emphasize anew our opposition to government ownership. We want to expedite the reparation and make sure the mistake is not repeated.

A state of inadequate transportation facilities, mainly chargeable to the failure of government experiment, is losing millions to agriculture, it is hindering industry, it is menacing the American people with a fuel shortage little less than a peril. It emphasizes the present day problem and suggests that spirit of encouragement and assistance which commits all America to relieve such an emergency.

Gross expansion of currency and credit have depreciated the dollar just as expansion and inflation have discredited the coins of the world. We inflated in haste, we must deflate in deliberation. We debased the dollar in reckless finance, we must restore in honesty.

In all sincerity we promise the prevention of unreasonable profits. We challenged profiteering with all the moral force and the legal powers of government and people, but it is fair, aye, it is timely, to give reminder that law is not the sole corrective of our economic ills.

Let us call to all the people for thrift and economy, for denial and sacrifice if need be, for a nation-wide drive against extravagance and luxury, to a recommittal to simplicity of living, to that prudent and normal plan of life which is the health of the republic.

New conditions, which attend amazing growth and extraordinary industrial development, call for a new and forward-looking program. The American farmer had a hundred and twenty millions to feed in the home market, and heard the cry of the world for food and answered it, though he faced an appalling task amid handicaps never encountered before.

Contemplating the defenselessness of the individual farmer to meet the organized buyers of his products and the distributors of the things the farmer buys, I hold that farmers should not only be permitted but encouraged to join in co-operative association to reap the just measure of reward merited by their arduous toil.

Our platform is an earnest pledge of renewed concern for this most essential and elemental industry, and in both appreciation and interest we pledge effective expression in law and practice. We will hail that co-operation which again will make profitable and desirable the ownership and operation of comparatively small farms intensively cultivated, and which will facilitate the caring for the products of farm and orchard without the lamentable waste under present conditions.

America would look with anxiety on the discouragement of farming activity either through the government's neglect or its paralysis of socialistic practices. A Republican administration will be committed to renewed regard for agriculture and seek the participation of farmers in curing the ills justly complained of, and aim to place the American farm where it ought to be—highly ranked in American activities and fully sharing the highest good fortunes of American life.

Becomingly associated with this subject are the policies of irrigation and reclamation, so essential to agricultural expansion, and the continued development of the great and wonderful West. It is our purpose to continue and enlarge federal aid and not in sectional partiality, but for the good of all America.

I believe the budget system will effect a necessary, helpful reformation, and reveal business methods to government business. I believe federal departments should be made more businesslike and send back to productive effort thousands of federal employes, who are either duplicating work or not essential at all.

I believe in the protective tariff policy and know we will be calling for its saving Americanism again.

I believe in a great merchant marine. I would have this republic the leading maritime nation of the world. I believe in a navy ample to protect it and able to assure us dependable defense. I believe in a small army, but the best in the world, with a mindfulness for preparedness which will avoid the unutterable cost of our previous neglect. I believe in our eminence in trade abroad, which the government should aid in expanding, both in revealing markets and speeding cargoes. I believe in establishing standards for immigration, which are concerned with the future citizenship of the republic, not with mere man-power in industry. I believe that every man who dons the garb of American citizenship and walks in the light of American opportunity, must become American in heart and soul.

I believe in holding fast to every forward step in unshackling child labor and elevating conditions of woman's employment. I believe the federal government should stamp out lynching and remove that stain from the fair name of America. I believe the federal government should give its effective aid in solving the problem of ample and becoming housing of its citizenship.

I believe this government should make its Liberty and Victory bonds worth all that its patriotic citizens paid in purchasing them. I believe This did not take long. Then came emergency must be revised to the needs of peace and in the interest of equity in distribution of the burden.

I believe the negro citizens of America should be guaranteed the enjoyment of all their rights; that they have earned the full measure of citizenship bestowed; that their sacrifices in blood on the battlefields of the republic have entitled them to all of freedom and opportunity, all of sympathy and aid that the American spirit of fairness and justice demands. I believe there is an easy and open path to righteous relationship with Mexico. It has seemed to me that our undeveloped, uncertain and infirm policy has made us a culpable party to the governmental misfortunes in that land. Our relations ought to be both friendly and sympathetic. We would like to acclaim a stable government there and offer a neighborly hand in pointing out the way to greater progress. I believe in law enforcement. If elected I mean to be a constitutional president, and it is impossible to ignore the constitution, unthinkable to evade the law, when our every committal is to orderly government.

The four million defenders on land and sea were worthy of the best traditions of a people never warlike in peace and never pacifist in war. They commanded our pride, they have our gratitude, which must have genuine expression. It is not only a duty, it is a privilege to see that the sacrifices made shall be requited and that those still suffering from casualties and disabilities shall be abundantly aided and restored to the highest capabilities of citizenship and its enjoyment.

The womanhood of America, always its glory, its inspiration and the potent uplifting force in its social and spiritual development, is about to be enfranchised. In so far as congress can go, the fact is already accomplished. By party edict, by my recorded vote, by personal conviction, I am committed to this measure of justice. It is my earnest hope, my sincere desire, that the one needed state vote be quickly recorded in the affirmation of the right of equal suffrage, and that the vote of every citizen shall be cast and counted in the approaching election.

And to the great number of noble women who have opposed in conviction this tremendous change in the ancient relation of the sexes as applied to government I venture to plead that they will accept the full responsibility of enlarged citizenship and give to the best in the republic their suffrage and support. Ours is not only a fortunate people but a very common-sense people, with vision high but their feet on the earth, with belief in themselves and faith in God. Whether enemies threaten from without or menace arise from within, there is some indefinable voice saying "Have confidence in the republic. America will go on."

★ SALIENT POINTS IN SPEECH OF ACCEPTANCE ★

★ "I pledge fidelity to our country and to God, and accept the nomination of the Republican party for the presidency of the United States."

★ "The human element comes first, and I want the employers in industry to understand the aspirations, the convictions, the yearnings of millions of American wage earners."

★ "Our vision includes more than a chief executive. We believe in a cabinet of highest capacity, equal to the responsibilities which our system contemplates, in whose councils the vice-president, second official of the republic, shall be asked to participate."

AND NO WONDER!

The people of Redwood City and vicinity know from past experience with this firm ,that when we advertise a sale it is a real sale. They know that our advertised reductions are honest and substantial reductions, and not merely cuts from goods marked up. We slash our regular prices for these sales, and the public have found that they can depend upon our representations, both from past experience and from this present sale.

The sale closes the end of the month, but the goods are going fast. You must hurry if you want to save money. Remember everything in the store has been reduced, and there is surely something in this line that you can use.

There is a reason why the store is crowded and people are buying in great quantities—these prices constitute that reason. No doubt about it, when a real sale is advertised, and real reductions are made, the public is quick to appreciate it, and to respond. Why shouldn't they, it is to their advantage?

SUPERVISORS HOLD SESSION

The board of supervisors met in regular session Monday, July 19, 1920, at 10 a. m., there being present Chairman John MacBain, presiding; T. L. Hickey, Mrs. Rosalie M. Brown, and Dr. C. V. Thompson. Absent, Supervisor Jos. M. Francis.

A petition signed by Mrs. W. E. La Dieu and 44 other residents and free holders of the territory adjoining the City of Redwood on the south west and south and asking for the formation of what is to be known as the "Washington Sanitary District," was presented and read by District Attorney Franklin Swart, representing the petitioners.

Mrs. La Dieu was sworn and testified that she had circulated the above petition and attested as to the validity of the singnatures thereon.

The petition was ordered filed, together with a map accompanying, showing the boundaries of the proposed district, on motion of Hickey, seconded by Thompson, and an order made calling for an election to vote on the establishment of the proposed sanitary district on Thursday, September 7, 1920.

A communication was received from Sheriff Michael Sheehan asking the supervisors to offer a reward of $200 for the arrest and conviction of the murderer of Pietro Roccasala at South San Francisco recently. The request was granted, on motion of Hickey, seconded by Thompson, and the above reward offered.

H. E. Woodworth, county horticultural commissioner, tendered his resignation to the board in writing, to take effect on August 1st, 1920. The official explained in his letter of resignation that he had been offered a position in the University of the Philippines.

The resignation was accepted on motion of Thompson, seconded by Mrs. Brown.

The following bids were received for the plumbing work in the building to be used as a detention home adjoining the county jail on Webster street, Redwood City:

Wm. Jamieson	$215.00
P. E. Brand	226.00
R. C. Holmquist	238.00

The contract was awarded Jamieson on motion of Thompson, seconded by Hickey, he being the lowest bidder.

The petition of Mrs. Catherine C. Adams and others of Belmont asking for the extension of electric service on South Road in the Belmont Lighting district, came up for regular hearing at this time. Mrs. Adams was sworn and testified as to the validity of the names on the petition, whereupon the prayers of the petitioners was granted, on motion of Mrs. Brown,, seconded by Hickey, and Mrs. Nash, the clerk of the board was directed to notify the Pacific Gas and Electric company to make the necessary installation of poles and wires to provide the above service.

In compliance with instructions received from the supervisors at the last meeting, Traffic Officers James B. Logan, J. B. Dalziel, George Bond, Chas. Steele and Fred Vallejo appeared before the board Monday in connection with numerous complaints against Rapid Transit and other busses for speeding and "cutting in" on the State Highway.

Supervisor Hickey started the hearing with a statement that he and other members of the board had received a number of complaints from motorists of alleged violations of the motor vehicle act on the part of drivers for the Rapid Transit company. He recited one particular case, which he said he reported to Officer Dalziel and then he asked the altter what had been done in the matter.

Dalziel stated that he reported the complaint to J. B. Duffy, the general manager of the Rapid Transit company and that the driver of the car had been discharged that very evening.

Supervisor Hickey said something must be done to give the people protection on the highways. The bus companies, he claimed, were protected by insurance companies, and it is up to the traffic officers to put a stop to the fast driving on the highways.

F. H. Drake of Redwood City told of his having been run into by a San Francisco-San Jose bus of the Rapid Transit company while he and his wife were crossing the State highway at Broadway on December 3rd, last, and the latter was severely injured. Acoording to eyewitnesses, the bus was traveling at the rate of nearly 50 miles an hour. He explained that his attorneys took the matter up with the Rapid Transit company and were referred to the attorneys for the company handling the insurance for the bus line. After considerable delay, Drake said his attorneys reported to him that they could get no satisfaction and advised him to drop the case.

Chairman MacBain recited cases where he had been run off the road by busses and other machines. He suggested that the traffic officers would have a better chance of apprehending violators of the traffic laws if they would discard their uniforms and patrol the highways in their civilian clothes.

Traffic Officer George Bond spoke in defense of the traffic squad. He said the officers had a great deal to contend with.

The State Highway through San Mateo county, he cleamed ,is the heaviest stretch of road in hte United States and there are only six men to patrol it. The traffic officers, he explained, get little or no co-operation from the general public in trying to put a stop to traffic law violations. If a complaint is registered with one of the traffic officers, the person making the complaint refuses to testify against the offender for fear of getting "mixed up in the affair."

"If we had the help and co-operation of the public in prosecuting cases," declared Bond, "it would only be a short time before the traffic troubles on the highway would be solved."

District Attorney Swart addressed the board and said he believed the constables and other peace officers of the county should be called upon to assist in regulating the traffic on the highways. He recited an instance of last week when a person killed a deer in the hills back of Belmont, placed the body of the animal on the front of his machine and in broad daylight drove to San Francisco without a single traffic officer or a peace officer apparently seeing him.

J. B. Duffy, the general manager of the company, who was present at the hearing, denied that this was a fact, but allowed that the speedometers might get out of condition at times. Duffy stated that the policy of the company was at all times to co-operate with the traffic officers in enforcing the law on the highways. Any of the company's employes, he said, caught exceeding the speed limit were promptly discharged.

The conference ended with Chairman MacBain stating that the board would expect the traffic laws rigidly enforced and all offenders arrested. no matter who they might be.

The board received communications from S. W. Morsehead and Jas. H. Talbot, both owners of homes in the Portola district, urging the passage of the proposed ordinance covering the burning of slash or debris in the county with the view of preventing forest fires.

District Attorney Swart presented and read an ordinance he had prepared in connection with the above, the ordinance making it unlawful to statr fires of any kind in the county between June 1 and December 1, except for domestic purposes, or in corrals, ploughed fields, etc., unless first securing a permit from a fire warden, provision being made, however, for the fire warden designating places on private property with the permission of the owner thereof, or on county highways, where fires may be asfely built.

The ordinance also covers the use of explosives in the county.

The ordinance after being carefully considered by the board, was adopted, on motion of Hickey, seconded by Thompson.

The district attorney next presented for the consideration of the board a proposed ordinance creating the office of County Veterinarian and regulating slaughtering in the county. The ordinance is quite lenghty and covers the inspection of animals and meats, the requirements in connection with the place of slaughtering and gives special privileges to the small farmers of ranchers who kills his own products.

Dr. W. D. McLean, city health officer of San Mateo, was present at the meeting at the request of District Attorney Swart, and offered several suggestions from a professional standpoint might be included in the ordinance.

The members were given copies of the proposed ordinance by the district attorney, so as to allow them to more thoroughly familiarize themselves with the various provisions, so that they can act upon it at the first meeting of August.

A communication was received from the trustees of the Pulgas Mosquito Abatement district, notifying the board that the sum of $7,000 would be required by the district in carrying on the work during the coming year. The communication was ordered referred to the county auditor.

A report was received from the trustees of the Jefferson school district showing that the special election held on July 17 relative to a special tax of $8,500 to provide for an increase in the teachers' salaries, had carried, and a request was made that the necessary provisions be made in the next tax levy for taking care of the special tax.

The report was ordered referred to County Auditor J. J. Shields, on motion of Hickey, seconded by Mrs. Brown, and Mrs. Nash, the clerk, was directed to notify the school trustees tahat their wishes would be complied with.

Miss Bailey submitted her fifth annual report, covering the period from July 1, 1919, to June 30, 1920. The report gave the number of branch libraries operating as 37, showing the total number of employes, number of books in the main and branch libraries, and the number of books, magazines, maps, charts, etc., distributed. It also showed a cash balance in the library fund on June 30, 1920, of $1,561.32.

Supervisor Thompson was granted permission, on motion of Mrs. Brown, seconded by MacBain, to leave the State for a period of 60 days.

J. M. FRANCIS FOR SUPERVISOR

The residents of the coastside rejoice, with more than ordinary joy and appreciation that Joseph M. Francis is after a serious illness able to be about again. He was a visitor to Montara this week. Joe took a good look at the roads, and met quite a few of our citizens including John Olsen, the road master, who has done such good work in the Montara section. Mr. Francis will be elected to succeed himself. There will be no opposition.

This is a tribute not to Joseph Francis only as a man but to his service for the entire county. He is not only genial, kind and considerate of all citizens but he is above all fair and just in the consideration, of every proposition that comes before him as an official of this district and county.—Coast Side Comet.

HIGH SCHOOL DISTRICT TO VOTE ON BONDS TO PURCHASE PISIS TRACT

The trustees of Sequoia Union High School District have called an election for August 13, 1920 to vote for a special tax of $80,000 to purchase the Pisis 40-acre tract just west of the Highway at Broadway.

This action of the Board was taken immediately after a meeting held in the Supervisors' chambers at the Court House last Saturday afternoon. The meeting was largely attended and a great amount of enthusiasm was engendered, the speech of Mr. Geo. C. Ross receiving great applause. Several large property holders of Menlo Park and Atherton were present and objected to the proposed tax levy.

After the meeting an inspection of the Pisis property was made and it was the general opinion that the place is ideally fitted for a school site. The big barn with its hardwood floors will make a fine gymnasium. The houses can be used to good advantage and the big tanks of 40,000 gallons capacity with the deep well and pumping plant will furnish sufficient water for all purposes. The trees and shrubs which adorn the grounds were put in by Moses Hopkins and W. J. Dingee, two former owners of the property, and cost more than the present asking price of the land.

The people of the Sequoia Union High School District have a wonderful opportunity to secure school property that will meet their needs for many years and should certainly take alvantage of that opportunity.

There will be opposition to the scheme by a number of people who do not see the needs of the future but all who are for the project should work and talk for it and vote and get their friends to vote at the election.

During the war he was four-minute man, Government Appeal Agent and legal advisor of his exemption board besides engaging in all the war fund drives.

He is a member of the Sons of the American Revolution, tracing his descent from Jacob Schauer who fought at Brandywine.

His candidacy is the result of a desire on the part of the Republicans of his part of the district to offer a man upon whom the party can unite, and he has the solid support of the citizens of his own community. Prominent in all good causes, he has long been an outstanding figure, as President of the Chamber of Commerce of his county, President of the Rotary Club, member of the Court, Probation Committee, and other charity and public service organizatoins.

The Morning Press of Santa Barbara, recently in its editorial columns, commented upon his candidacy thus:

"If the nomination and election depended upon his neighbors. Fred H. Schauer would be the next representative in Congress from the eighth district, and what better recommendation can a man have than the good will of his neighbors?"

John Willis Baer of Pasadena, banker, and religious leader recently wrote of Mr. Schauer as follows:

"For more than a dozen years I have known Mr. Schauer well. He is a man of integrity and a lawyer of ability. Just the kind of a man we need in Congress, as clean as a hound's tooth and will be a credit to his district."

Mr. Schauer stands four-square for Harding and Colidge and the Republican platform.

It is a happy thing for the country that out of the tangle and turmoil at Chicago there has come a Republican standard bearer as sound and sane and patriotic as Warren G. Harding.

P. H. McCARTHY ENDORSED SAMUEL M. SHORTRIDGE

P. H. McCarthy, president of the State Building Trades Council, today endorsed Samuel M. Shortridge, Republican candidate for United States Senator, as "the best man for labor to support."

McCarthy, the most influential leaders of organized labor in the state, said that Shortridge was the only candidate for the senatorship labor could support in the Republican primary and do itself justice.

"I am for Samuel M. Shortridge all the way," said McCarthy, "he is labor's best friend."

McCarthy's full endorsement follows:

"Shortridge is the best man for labor to support. He will be of greater assistance in helping fight labor's battles in the Senate than any man California could send to Congress.

"For thirty years Shortridge has been fighting cheap labor whether that labor came from Asia or elsewhere. He is and always has been labor's staunch friend. Never has labor appealed in vain to Sam Shortridge, whether the call came from a workingman or from labor as a unit Sam Shortridge always responded and threw into the battle his fine intellect and great abilities that have made him today one of California's foremost citizens.

"I can't conceive of California Republicans nominating Kent, but if through some mischance he should be nominated, the Republicans can say good-bye to their chances of success for thousands of 100-per cent Republicans will vote for a Democrat before they vote to elect a man of Kent's stripe. This great state of ours can't afford to be represented by a man like Kent. He is not a true friend of labor.

"On the other hand, Samuel M. Shortridge will take with him to Washington the charm and learning of a really distinguished citizen, and we in California can feel proud of him. Shortridge will have a standing with the leaders of the Senate and the administrative department of the government, while Kent would have absolutely no influence whatever. He would become embroiled in a fight the first day, and he would be too busy to keep from getting hit to do anything for California.

"I am for Samuel M. Shortridge all the way. He is labor's friend."

McCarthy, with other labor leaders will carry the Shortridge message from one end of California to the other.

HARDING SPEECH OF ACCEPTANCE A NEW KEYNOTE

Republican Nominee at Notification Ceremonies Discusses Problems Confronting Nation

"HOLD HERITAGE AMERICAN NATIONALITY UNIMPAIRED"

Advocates Party Responsibility as Distinguished from Dictatorial and Autocratic Personal Rule—In Referring to League of Nations, Says We Do Not Mean to Shun a Single Responsibility of This Republic to World Civilization—Favors Protective Tariff, Merchant Marine, a Small Army, Woman Suffrage and National Budget.

MARION, OHIO (Special).—Warren G. Harding was officially notified of his nomination as the Republican candidate for the presidency. His speech of acceptance is, in part, as follows:

Chairman Lodge, Members of Notification Committee, Members of National Committee, Ladies and Gentlemen: The message which you have formally conveyed brings to me a realization of responsibility which is not underestimated. It is a supreme task to interpret the covenant of a great political party, the activities of which are so woven into the history of this republic, and a very sacred and solemn undertaking to utter the faith and aspirations of the many millions who adhere to that party. The party platform has charred the way, yet, somehow, we have come to expect that interpretation which verifies the faith of nominees who must assume specific tasks.

Let me be understood clearly from the very beginning. I believe in party sponsorship in government. I believe in party government as distinguished from personal government, individual, dictatorial, autocratic or what not.

No man is big enough to run this great republic. There never has been one. Such domination was never intended. Tranquillity, stability, dependability—all are assured in party sponsorship, and we mean to renew the assurances which were rended in the cataclysmal war.

Our first committal is the restoration of representative popular government, under the constitution, through the agency of the Republican party. Our vision includes more than a chief executive. We believe in a cabinet of highest capacity, equal to the responsibilities which our system contemplates, in whose councils the vice president, second official of the republic, shall be asked to participate. The same vision includes a cordial understanding and co-ordinated activities with a house of congress, fresh from the people, voicing the convictions which members bring from direct contact with the electorate, and cordial co-operation along with the restored functions of the senate, fit to be the greatest deliberative body of the world.

It is not difficult, Chairman Lodge, to make ourselves clear on the question of international relationship. We Republicans of the senate, conscious of our solemn oaths and mindful of our constitutional obligations, when we saw the structure of a world supergovernment taking visionary form, joined in a becoming warning of our devotion to this republic. If the torch of constitutionalism had not been dimmed, the delayed peace of the world and the tragedy of disappointment and Euorpe's misunderstanding of America easily might have been avoided. The Republicans of the senate halted the barter of independent American eminence and influence, which it was proposed to exchange for an obscure and unequal place in the merged government of the world. Our party means to hold the heritage of American nationality unimpaired and unsurrendered.

The world will not misconstrue. We do not mean to hold aloof. We do not mean to shun a single responsibility of the republic to world civilization. There is no hate in the American heart, we have no envy, no suspicion, no aversion for any people in the world. We hold to our rights and mean to defend, aye, we mean to sustain the rights of this nation and our citizens alike, everywhere under the shining sun. Yet there is the concord of amity and sympathy and fraternity in every resolution. There is a genuine aspiration in every American breast for a tranquil friendship in the world.

One may readily sense the conscience of our America. I am sure I understand the purpose of the dominant group of the senate. We were not seeking to defeat a world aspiration. We were resolved to safeguard America. We were resolved then, even as we are today and will be tomorrow, to preserve this free and independent republic.

In the call of the conscience of America is peace, peace that closes the gaping wound of world war and silences the impassioned voices of international envy and distrust. Heeding this call and knowing as I do the disposition of the congress, I promise you formal and effective peace so quickly as a Republican congress can pass its declaration for a Republican executive to sign.

It is better to be the free and disinterested agent of international justice and advancing civilization with the covenant of conscience than be shackled by a written compact which surrenders our freedom of action and gives to a military alliance the right to proclaim America's duty to the world. No surrender of rights to a world council or its military alliance, no assumed mandatory, however appealing, ever shall summon the sons of this republic to war. Their supreme sacrifice shall only be asked for America and its call of honor. There is a sanctity in that right we will not delegate.

Disposed as we are, the way is very simple. Let the failure attending assumption, obstinacy, impracticability and delay be recognized and let us find the big, practical, unselfish way to do our part, neither covetous because of ambition nor hesitant through fear, but ready to serve ourselves, humanity and God. With a senate advising as the constitution contemplates, I would hopefully approach the nations of Europe and of the earth, proposing that understanding which makes us a willing participant in the consecration of nations to a new relationship to commit the moral forces of the world, America included, to peace and international justice, still leaving America free, independent and self-reliant, but offering friendship to all the world.

It is folly to close our eyes to outstanding facts. Humanity is restive, much of the world is in revolution, the agents of discord and destruction have wrought their tragedy in pathetic Russia, have lighted their torches among other peoples, and hope to see America as a part of the great red conflagration. Ours is the temple of liberty under the law, and it is ours to call the sons of opportunity to its defense.

SUPERVISORS HOLD SESSION

The board of supervisors met in regular session Monday, July 19, 1920, at 10 a. m., there being present Chairman John MacBain, presiding; T. L. Hickey, Mrs. Rosalie M. Brown, and Dr. C. V. Thompson. Absent, Supervisor Jos. M. Francis.

A petition signed by Mrs. W. E. La Dieu and 44 other residents and free holders of the territory adjoining the City of Redwood on the south west and south and asking for the formation of what is to be known as the "Washington Sanitary District," was presented and read by District Attorney Franklin Swart, representing the petitioners.

Mrs. La Dieu was sworn and testified that she had circulated the above petition and attested as to the validity of the singnatures thereon.

The petition was ordered filed, together with a map accompanying, showing the boundaries of the proposed district, on motion of Hickey, seconded by Thompson, and an order made calling for an election to vote on the establishment of the proposed sanitary district on Thursday, September 7, 1920.

Chairman MacBain recited cases where he had been run off the road by busses and other machines. He suggested that the traffic officers would have a better chance of apprehending violators of the traffic laws if they would discard their uniforms and patrol the highways in their civilian clothes.

Traffic Officer George Bond spoke in defense of the traffic squad. He said the officers had a great deal to contend with.

MENLO PARK NEWS OF ALL SORTS

Doings at Peninsula Garden Spot As Told in Breezy Style By Our Reporters

Mrs. Evelyn D. White, wife of Major Mark J. White, head of the base hospital, died on Tuesday night at the hospital after an illness of six months. Major and Mrs. White came to the base hospital about 15 months ago, at the time of Dr. White's appointment to the hospital, where they have made their residence.

Mrs. James Logan, Jr., accompanied by Mr. and Mrs. Argabrite and other friends, departed during the week for a motor trip to the Yosemite Valley and Lake Tahoe. The party will be absent for two weeks.

Miss Bessie Kennedy, an employe fo J. Henry Meyer for the past 11 years at his University Heights home, was married on May 2 to Robert Campbell by Monsignor J. M. Gleason of Palo Alto in the St. Thomas Aquinas church. The beautiful bride is well known here. The young couple are residing in San Francisco, where Mr. Campbell is engaged in the automobile business.

J. Henry Meyer is confined to Adler's Sanitarium in San Francisco with a severe illness. His son is also there suffering from a temporary ailment.

Ambrose Partee, popular Ravenswood farmer, recently purchased 1,200 acres of land from the California Delta Lands Company at Stockton. These delta lands are the richest in the state. The revenue from this property will place Mr. Partee in the sunny side of Easy street.

John Orton, Henry Brown and J. C. Murray have returned from a camping trip to Pescadero and the Big Basin. They had a delightful time.

Mr. and Mrs. George Angus are enjoying a two weeks' vacation at San Diego. They went down by steamer and will return on the Southern Pacific Company's Lark.

Benjamin Buckhout, a former resident of Menlo Park, spent the week end here with friends.

Mark J. Loughlin, a young man from the east, has been appointed assistant station agent here. He has moved his family to the Ward cottage. He succeeds J. Greenan, who goes to Palo Alto to take charge of the warehouses of the Southern Pacific Company at that place.

Rev. Hugh Montgomery has left on a camping trip to Lake Tahoe and in the mountains thereabouts. He will be gone about a month and during his absence Trinity church will be in charge of Rev. Mr. Greiser of Visalia. Mrs. Montgomery will pass the month of July with friends at Pasadena, where she owns a beautiful home.

Percy Ellings, who leaves today for Berkeley, was given a farewell party at Trinity Hall Wednesday evening. Singing, dancing and games were indulged in until midnight, when tempting refreshments were served. About 50 persons were present to wish the young orchid grower every success in his new field of endeavor.

The head of the United States health service in Washington was in San Francisco during convention week and came down to the base hospital on Saturday last. He made it known that many improvements were contemplated at the institution, including a concrete hospital to cost $3,000,000.

Miss Frances Pringle, daughter of Mr. and Mrs. Edward Pringle of Menlo Park, was hostess on Monday at a delightfully informal luncheon. Among the guests who shared the pleasure of the day were Misses Ynez Macondray, Edna Taylor, Isabelle Bishop, Adrienne Sharp, Francesca Deering and Florence Russell.

Mr. and Mrs. James L. Flood entertained the children of their friends at a party Tuesday afternoon in celebration of the twelfth birthday of their son, James Flood. The swimming pool and tennis courts provided much of the entertainment for the young guests.

Professor Bentley, formerly an instructor at Stanford University, but now connected with a San Francisco surety company, has leased an attractive home on Laurel avenue and will move here shortly. He has three charming daughters who will be leaders of the local younger set.

Mother Foley recently arrived at the Sacred Heart Academy from Chicago and will be in charge of St. Joseph's parochial school next semester. She takes the place of Mother Leonard, who has gone east. Mother Foley was formerly in charge of the school. She is highly esteemed by the children, who love her for her gentleness and kindness.

The government warehouses recently purchased by Joseph White of San Francisco are about to be demolished. For a time it was thought they would be bought by a canning concern or a moving picture studio, but both project shave fallen through and the big buildings now will be sold and taken away.

The old Dorn house was moved away by a Redwood City contractor during the week. The Dorn home was recently purchased by Mr. Moore, who is to erect a fine residence at once. The old dwelling was the pride and joy of Attorney Dorn, now deceased, who built it.

Frank Buelna returned to Weed Sunday, after having spent a week's vacation with his sister, Mrs. Belcourt of Mayfield. He spent his boyhood days in Menlo Park, having attended the Stanford kindegrarten and the old grammar school. He enjoys coming back to meet his schoolmates and friends.

Barney Larrecou, who was recently appointed an army field clerk by the department, is now located in Salt Lake City and is connected with the recruiting office there. He writes as follows about the Mormon city:

"I am detached to this station in connection with the issuance of the victory medal. Now the victory medal, as I understand it, is to be issued to all who served in the U. S. army during the past war. There are several grades in which men are listed and each grade is to receive a certain medal.

"Men who served in the army in some cantonment in this country are to receive medals different from the man who served overseas, and the man who saw action is also entitled to a battle clasp which goes with the medal. Now this is all the information I can give you until our officer in charge arrives, here, which will be about the first of the month.

"Salt Lake City is a beautiful city and has many points of interest to visit and which I will say I have not been able to see as yet, but will in the near future.

"The tabernacle is an interesting place to visit, interesting in so far as the construction f some is concerned. It is built in the shape of an egg. It has a seating capacity of 8,000 and is so constructed that a pin falling can be heard from one end of the building to the other. This I know to be a fact, as I was in the tabernacle when the demonstration was given. It has an organ which took many years to construct and was constructed by members of the Mormon church only.

"The temple is a magnificent building from outside appearances, as that is as far as we are allowed to explore it, as it is used for religious purposes only and I think there is always some religious service going on. I believe they use the temple to baptise their dead in.

"If I understood the guide correctly I believe they have baptism for their dead tracing back from one generation as far as they can trace. They believe their dead are not just merely dead to mankind, but that they are in a place waiting for the second resurrection.

"I also spent yesterday at the Lagoon, a spot about 14 miles from Salt Lake, and it is nothing more than a place of amusement. It corresponds with our picnic grounds. It is a nice place to spend they day, as there are several places of amusement, such as dancing, bowling, skating swimming, boating and of course several concessions like our carnivals which visit Redwood every so often.

"The weather here is ideal, neither too hot during the day and cooling off sufficiently to permit sleeping comfortable."
